WOMEN AS BLACKSMITHS.

Here Is a Trade That Will Not Be

Overrun at Present.

While the subject of employment for women is being discussed "The Sunday World" offers a practical example that will surprise even the most advanced of women's rights advocates. Can you imagine four women following the trade of blacksmith?

A WOMAN BLACKSMITH.

The business is conducted by women in this city. They do not work at the forge now, but they know it right through. They superintend it just as the young woman in New Jersey superintended the quarry. It was written about recently in the "World."

To learn of ways in which women make a good living is always interesting, and here is a unique case exceptionally fascinating.
